# **Audit Report:-**

# **Disclaimer:**

This audit is only to the Smart-Contract code at the specified address!

Theoryptoaudit is a 3rd party auditing company that works on audits based on client requests. And as a professional auditing firm, we check on the contract for any vulnerabilities, backdoors, and/or scam scripts.

#### Therefore:

We are not financial advisors nor do we partner with the contract owners

Operations and website administration are fully on the client's side

We do not have influence over client operations, which can lead to website changes, withdrawal function closes, etc. One always has the option to do this through the contract.

Any concerns about the project themselves need to be raised directly to the project owners and not through Thecryptoaudit.

Investors are not in any way obliged, coerced, or influenced to invest in projects audited by Thecryptoaudit.

We are not responsible for your funds or guarantee you profits.

We highly recommend that investors do their own research and gain crypto experience before investing

To report any scam, malpractices and irregularities, please send a message via Telegram to https://t.me/thecryptoaudit for blacklisting.

# **Conclusion:**

**GOLDCITY** Smart-Contract is safe for use in the Binance Smart Chain main network.

The **GOLDCITY** Smart-Contract found no vulnerabilities, backdoors, or scam scripts.
